

IN THE SPECIFICATION

Prior to the paragraph that begins at page 5, line 25,
please insert the following three paragraphs:

--Figure 9C illustrates an alternate embodiment of a single
ground plane for a printed circuit board.

A¹ Figure 9D illustrates an alternate embodiment of a single
ground plane for a printed circuit board.

Figure 9E illustrates an alternate embodiment of a ground
plane sandwiched between layers in a multilayer printed circuit
board.--

Please amend the paragraph that begins at page 25, line 10
as follows:

A² "Referring now to Figure 8B, an alternate baseplate 805' is
illustrated. Baseplate 805' differs from baseplate 805 in that
it includes slots [[842]] 852 for pins 113 and 117. Baseplate
805' may similarly include clip openings or slots 238 and the
inner septum 815."
